The Honorable Karen G. Mills
Administrator
Small Business Administration
409 Third Street, S.W.
Washington, D.C. 20416

Dear Administrator Mills,

We are writing today to share our concerns regarding the Affordable Care Act (ACA) and to thank the Small Business Administrations' (SBA) efforts to mitigate the burdens placed upon small business owners through this legislation's well-intentioned efforts to ensure all Americans are covered by healthcare insurance.

The NGLCC is the business advocate and direct link between lesbian, gay, bisexual and transgender (LGBT) business owners, corporations and government. The NGLCC represents the interests of more than 1.4 million LGBT-owned businesses in the United States and is the umbrella organization for 61 state, local and international LGBT chambers of commerce and business organizations.

We are encouraged that the SBA is working to educate small businesses regarding the various opportunities available to provide tax relief to the engine that runs the American economy. We in turn are making the commitment to educate the LGBT business community regarding those opportunities. Should you wish to discuss these opportunities and ways that the NGLCC may support the SBA's initiatives, please feel free to reach us at 202-234-9181.

Sincerely,
